Barn 235

A fun, a fun, acoustic club house for the workplace!

COLLECTION INSPIRATION

BARN 235, A FUN CONNECTION PLACE

Wintery silent landscapes inspired Glimakra of Sweden and Johan Kauppi in their collaboration. A collection of furniture for well-balanced acoustic work environment – still keeping the office landscape open. The Barn is all about horizontality, repetition and transparency.

“The Barn has unique properties - a serene combination of sound absorption & transparency. A design for large-scale repetition in public interiors”.

– Johan Kauppi
