YOUR MEETING YOUR WAY

hushoffice

WE PROVIDE SEPARATE MOBILE SPACES, REPLACING STRESS WITH **HARMONY & PEACE.**

HushMeet is an additional, independent space for your office. It allows you to conduct meetings in a comfortable and secure environment with advanced acoustic solutions. Additionally, the closed space provides a feeling of privacy which ensures that everyone within the hushMeet can feel at ease. The pod is an excellent alternative to small conference rooms and can be placed wherever you want!

HUSHMEET IS A PERFECT PLACE FOR:

Private meetings

Creative work

Group video
conferences

In October 2020 ICC-ES Acceptance Criteria 519 "Enclosed Booths for Installation Inside New and Existing Buildings" (AC 519) were published. AC 519 covers all the relevant building code issues that office pods have faced. All HushOffice acoustic pods are substantially compliant with the requirements of AC 519, except for 32" clear opening width (HushPhone, HushMeet, HushTwin, HushWork and HushLarge) and the 80" door clear opening height requirement (HushPhone, HushHybrid, HushMeet, HushTwin, HushWork and HushLarge) of the IBC. The difference does not compromise the safety or egress possibilities of the occupants using the pod. Please remember that according to AC-519 if an enclosed booth does not comply with the means of egress, accessibility and interior space dimension requirements of IBC Chapters 10, 11 and 12, respectively, the plans must be submitted to, and approved by, the code official at the time of permit application.
