# hushFree.Access.L

DESIGNED BY HUSHOFFICE

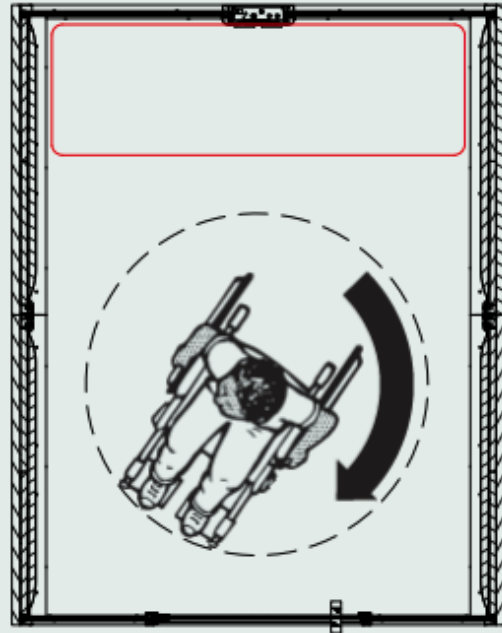

# FEEL THE *freedom*

## Choose how and where you work!

The hushFree.Access.L is a high-performance acoustic pod designed and adapted for people with disabilities. The low threshold design enables an easy and relaxed entry along with a wider door and special handle for ADA access. The pod is designed to accommodate a U-turn of a wheelchair allowing space for a 360 degree turn.

Featuring enhanced lighting with a 500 lux intensity at the level of the tabletop level, the hushFree.Access.L ensures you remain well-lit during video or hybrid calls. The pod is designed to as an extensive private workspace or alternative to traditional conference rooms, accommodating ADA needs. The pod is ideal for face-to-face meetings up to 6 people, as well as hybrid, or virtual conversations that require privacy.

For added flexibility the hushFree.Access.L interior can be customized to fit your needs. The pod can be equipped with a ready-made table and either two or four two-seater sofas or mobile chairs of your choice. With its sleek design and focus on efficient online connectivity, this pod enhances both productivity and user experience. With its freestanding design and integrated caters, hushFree.Access.L fits quickly and seamlessly into open-plan environments and can be relocated or turned when needed.

*Circular space in hushFree.Access.L equipped with a hushDesk.Access.L*

## Longer video conferences, online calls, presentations and meetings for all just got better!

### Exceptional acoustic comfort

Class B acoustic comfort meeting the ISO 23351-1:2020 standard for office acoustic booths.

### Breathe easier – stay longer

The new ventilation system circulates the air in the pod even faster, ensuring optimal working conditions.

### Adjustable LED lighting for an efficient workplace

The new LED lighting system provides lighting with a light temperature of 4000K and 500 lux at the tabletop level for even more effective work.

### Configure the pod as you want

The universal design of the acoustic pod makes it fit into the interior of any office space. You can equip the pod the way you like – according to your needs and preferences.

### Mobility – feel the freedom of choosing a location

The pod has built-in wheels, giving you the freedom of easy relocation without having to dismantle.

### Neurodiversity and Certified Autism Resource

The pod accommodates neurodiverse workers providing a workspace with adjustable lighting and noise cancelling/quiet space to accommodative sensory sensitivities. The pod is a Certified Autism Resource.

STANDARD EQUIPMENT

**HushAssistant**

HushAssistant is a 4-inch round, high-resolution touchscreen lighting and ventilation controller. It allows users to manage and adjust their lighting and airflow settings. HushAssistant can adjust brightness, color and activate scenes (moods) for different needs. HushAssistant also provides airflow adjustments to improve air quality and energy efficiency. Part of HushAssistant's functionality is to manage and display meeting room availability. Prepared for integration into the product's power supply. The system supports integration with the Microsoft 365 platform.

ADDITIONAL EQUIPMENT

**HushCoffeeTable.L**

Made of 0.70 in thick plywood. Available in two finishes: white and velvet black.

**Sofas**

Sofas made of Athlon fabric, to match acoustic panel colors.

**HushConferenceTable.L**

Made of 0.70 in thick plywood. Available in two finishes: white and velvet black.

**Hush Occupancy Light**

Activated by a motion sensor to signal the pod occupancy when in use.

**HushScreen.Set**

The TV mounting bracket allows you to hang your TV on the central column.

**HushScreen.Bracket**

The holder is based on the VESA standard and allows the installation of screens with a spacing of mounting holes.
